Re: California Proposition 65 Declaration

Dear valued customer,

This declaration certifies that items produced by Mid-West Spring & Stamping do not contain chemicals which are listed on California's Safe Drinking Water & Toxic Enforcement Act of 1986

This Act, commonly known as Proposition 65 (Prop 65), establishes a list of chemicals which the state of California's risk assessment process has determined to present a risk of cancer, birth defects or other reproductive harm.

Be assured, Mid-West Spring & Stamping will continue to monitor the Proposition 65 regulations for any new chemicals. Mid-West Spring & Stamping will compare any newly listed chemicals with the raw materials in our finished product and communicate this information to our customers.

Sincerely,

Mid-West Spring & Stamping Co.
